ABOUT US

STRUCTURED SOCCER, **RIGHT AT YOUR SCHOOL**

Founder Jaen van der Walt grew up in a small town with no school soccer pathway. In 2020 he started Soccer Strikers so that no child misses out on the game: structured, fun soccer lessons for boys and girls aged 3 to 13, held at their own school. Today our coaches teach at around 30 schools in Pretoria.

PEACE OF MIND

WE TAKE CARE OF EVERYTHING

**Vetted, trained coaches**

Police-cleared coaches who all follow one structured curriculum, so every class gets the same quality lesson.

**Zero admin**

Letters, registrations, payments and parent queries all go through us and the Soccer Strikers app. Nothing lands on your desk.

**No disruption**

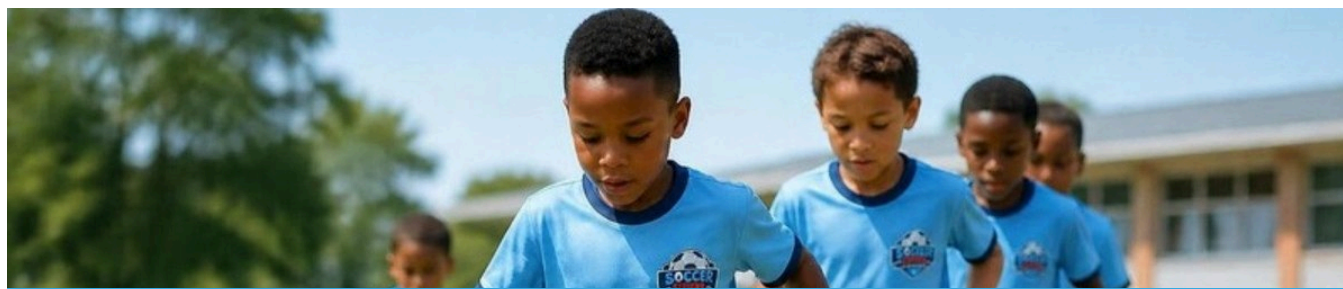

30 minutes a week, in a slot that suits your timetable. We bring and pack away all the equipment.

**Supports Life Skills & PE**

Gross motor skills, coordination, teamwork and respect: the outcomes your foundation phase already works towards.

OUR MISSION

To deliver structured, fun, school-based soccer programmes that develop skills, character and a lifelong love for sport.

THE PROGRAMME

EVERY LESSON, **READY TO GO**

Each 30-minute lesson follows the same proven shape, planned in our coaching manual. Learners warm up, practise the skill of the week through drills, then put it all together in a game. Short, focused and fun, so young players stay engaged from start to finish.
